

PAINT PROJECT MANAGER

All Sissons products are proudly manufactured in the Caribbean. Our coatings are formulated and tested to withstand the rigors and ravages of tropical weather. We are committed to producing the best products, with the best value for our customers. We are an ISO 9000-2008 certified company. All of our waterborne coatings have extremely low VOC's (volatile organic compounds), this means that you can paint without worrying about harmful fumes. Our premium line of interior and exterior paints is fortified with cutting edge self-priming technology, powerful anti-fungal and anti-mildew biocides, all combined with excellent opacity (high hiding power). We have the right type of paint for each project that you are undertaking.

	Primers and Undercoats						Interior and Exterior Surfaces						Roofs, Ceilings and Floors

	 PATINATED BRONZE		 BAMBOO		 CLASSIC BEIGE
TEA STAIN	 COASTAL CRUISE	ORGANIC GREEN	 NEW NEUTRAL	MORNING MIST	 OLD LEATHER

REFINED ELEGANCE

This collection of subtle, sophisticated and quietly elegant colours. The hues that make up this palette are sub-dued and convey a sense of solidity, luxury and classic refinement.

The colours shown here are grouped into nine three-colour schemes. Each scheme is composed of a suggested main colour and two related or complimentary colours. These colours schemes should not just be viewed as only paint choices, but can also be the inspiration for interior furnishings and accessories. Due to the printing process, differences in the surface texture, local lighting conditions and aging of colour cards, colours shown may differ slightly from the actual Sissons Paint colours.
